

Maurizio Fava, MD

Dr. Fava is the Chief of the Department of Psychiatry; Director of the Division of Clinical Research of the Mass General Research Institute; and Executive Director of the Clinical Trials Network and Institute at MGH. He is also the Associate Dean for Clinical and Translational Research and the Slater Family Professor of Psychiatry at HMS. Dr. Fava obtained his medical degree from the University of Padova School of Medicine, where he also completed his residency training in endocrinology. He then moved to the United States and completed residency training in psychiatry at MGH. Dr. Fava founded and was director of the hospital's Depression Clinical and Research Program from 1990 until 2014. Under Dr. Fava's direction, the Depression Clinical and Research Program became one of the most highly regarded depression programs in the country, a model for academic programs that link, in a bi-directional fashion, clinical and research work. In 2007, he also founded and is now the executive director of the MGH Psychiatry Clinical Trials Network and Institute, the first academic CRO specialized in the coordination of multi-center clinical trials in psychiatry.
